IAPA**

**FORTY FIFTH YEAR
ANNUAL REPORT
2014-2015**

- The **VISION** of **IAPA** is for every **CHILD** to grow up with love and nurturance in the permanent security of a family; to have the opportunity for education and all-round development in a supportive environment.

- **IAPA MISSION** is to secure a nurturing family environment for the **CHILD**, so deprived, to preserve and strengthen the family of the **CHILD** facing crisis that destabilizes normal functioning, to provide assistance for education and opportunities for self-development of the marginalised **CHILD** through a range of supportive programmes, which enrich personality and enhance physical and emotional health and to work towards families' empowerment.

To engage in awareness creation, capacity building and advocacy for better standards in **CHILD** care services and to work at the levels of policy, practices and procedures to assure the **CHILD** his/her rights to family, education and participation.

**INDIAN ASSOCIATION FOR PROMOTION OF
ADOPTION & CHILD WELFARE (IAPA)
ANNUAL REPORT – 2014-2015**

PRESIDENT'S MESSAGE :

We are pleased to present the Annual Report of the **IAPA** for the year 2014-15. At the end of the reporting year **IAPA** entered 45th year of its existence.

In all these years **IAPA** has constantly endeavoured to protect interests of children who belong to socially as well as economically under-privileged sections of society. The primary aim of the programmes and services of **IAPA** has been to ensure that the child receives personalized care and nurture in a family and has encouraging environment for education and healthy development. The approach in achieving the goals has been multi-pronged. It has also been evolving in response to cumulative experiences resulting in additions, expansions and recasting programmes for effective outcomes.

Adoption programme has witnessed many changes since the time that **IAPA** played a pioneer role in promoting the concept and its practice. Along with the amendments in the legislations for care and protection of children, the government policies and procedures are undergoing changes. This has increased the work load to comply with the additional requirements, even with the drop in the number of children coming under custody for care and rehabilitation through adoption.

The outcomes in terms of numbers of students sponsored and their achievements has been very rewarding. Not only have we been able to sustain students through the High School but seen many through university exams with flying colours. Under the Corporate Social Responsibility (CSR) mandate, Capri Global Finance Ltd has provided students who have fared well in

Board/University exams with all educational cost, including a stipend for university education.

Value Education Programmes, in collaboration with the N.M. Budharani Trust has grown in terms of the number of student beneficiaries and the schools covered in the slum pockets of the suburbs of West Mumbai.

In the Rural Project at Terewayangani again the Std. X results were 100%. This has also brought state recognition for the school and has increased the number of students. Moreover, supports of our esteemed donors and supporters has encouraged some to go further for college and vocational education. The TdH Denmark has continued to be our strong partner. Chance of Life has now reached out to girls and women to engage in self-development through intervention of a locally based professional worker.

Other support services of Micro Finance, Vocational Training for women, Child Guidance and Asmita Project continue to enrich lives of children and families we work with.

We place on record our deep appreciation of the interest and support of our many donors, partners and well wishers. Last but not the least, we recognize the services of our team of dedicated staff for their commitment to the goals of this organization.

Ms. Kaumudi Telang,
President, IAPA

INTERVENTION PROGRAMMES

FOSTER CARE & ADOPTION FOR THE CHILD WITHOUT PARENTAL CARE

FAMILY PRESERVATION / FOSTER CARE ASSISTANCE FOR THE CHILD IN FAMILY CRISIS

SPONSORSHIP FOR EDUCATION & DEVELOPMENT FOR THE UNDERPRIVILEGED CHILD

SUPPORTIVE SERVICES ENRICHMENT PROGRAMMES FOR THE CHILD & FAMILY

FOSTER CARE & ADOPTION

The Foster Care and Adoption programme relates to family care for orphaned, given up and abandoned children. It encompasses several different services to the child, the birth parent/s, Foster parents, Adoptive parents and adoptees. The programme also includes advocacy, promotion and publicity and adoption placement services.

ALTERNATIVE OF THE FOSTER FAMILY CARE SERVICES :

Recognizing the value of personal care and nurture in a family environment for healthy development of a child, from the start, **IAPA** decided to depart from the common practice of setting up a residential institution for child care. Instead, foster family care services were started for children who were received in custody for care; and rehabilitation through adoption. It took a while for the authorities, conditioned to institutionalization, to validate our alternative child care in 1997. Official recognition as a preferred alternative, however, was given only in the year 2011, in the updated, notified 'Guidelines on Adoption 2011' by the government.

The foster families are recruited as per the mandated Guidelines and closely monitored. The families provide yoeman service. Many have fostered several children over the years. In some instances daughter / daughters in law have taken the mantle from their mother / mothers-in-law, capitalizing on their respective experiences in nurturing children.

All children who are placed under **IAPA** custody for care and permanent rehabilitation are looked after by foster families, working with **IAPA**. This includes children who could be restored to their birth family as our first choice; or fostered on a long term basis when their placement in adoption is not possible due to medical or other issues.

Capacity building programmes for foster families. The programmes are organized on a regular basis. 3 such programmes took place during the year on the following topics :

1. Interpersonal relationship and confidence building
2. Parenting and Responsibility
3. Existential crisis with mothers and their adolescent children; and good and bad touch

Sr.No.	Children in foster families	Male	Female	Total
1	Children awaiting adoption from previous year/s	02	05	07
2	Children received during the year	06	04	10
3	Children with special needs in long term care	01	02	03
4	Children restored to Birth Family	00	01	01
	Grand Total	09	11	21

Appreciation :

We would like to put on record the unstinted support we have received from the doctors, and donors towards medical assistance, special nutrition and other resources in giving prompt and quality care to our children. They are :

- Dr Anaita Udwardia Hegde (Pediatric Neurologist)
- Dr. Suresh Shah (pediatrician)
- Dr. Sanjay Sharma (pediatrician)
- Dr. Sonali Tank (pediatrician)
- Dr. Vinand Deshmukh (Child Specialist)
- 'Learn to Love' Foundation U.S.A.
- Radhika, Devika, Vaishali Chatwani Trust and
- Nestle Ltd. ➤ Ms. Payal Mathur Bhagat
- J.M. Financial ➤ Pitru Tarpan Yatna - A Charitable Trust

ADOPTION SERVICES

The year 2014-15 too saw a series of services in connection with adoption. Among them is offering information and guidance about adoption service to national and international enquiries through the phone, emails, walk in from the persons wanting to adopt and friends/relatives. Only a few of these enquiries result in placement of a child due to drastic reduction in the number of children received in care.

Birth parent/s wishing to relinquish the child due to compelling social reasons are extended guidance and support prior to and post delivery processes. Generally, this includes mandated police registration, work with the Hospital procedures and detailed paper work entailed. It further includes helping the relinquishing parent go with the child before the designated Child Welfare Committee (CWC) for their approval and Orders. Such relinquishment procedures are occasionally intercepted when a birth parent who is given guidance and support by **IAPA** is led away at the last moment, for private placement instead, under the pretext that the mother or a close relative has decided to raise the child themselves.

There has been a continuous change in the social scene for adoption influenced by changes in the social norms and attitudes to adoptive parenthood as well as changes at the national level in legal provisions, policies and processes aided by new technologies and global influences. While the number of couples / persons seeking adoptive parenthood across socio-economic spectrum has been going up there is a precipitous drop in the number of children coming in the adoption mainstream. Several factors may account for the drop. It may include wider use of birth control measures or other unknown reasons. However, it has also come to be known that private handing over of the child is taking place to circumvent the legal formalities.

To address the issue of unprotected placements, **IAPA** has taken up a campaign of promoting safe surrender of children, to protect the children and their long term secure rehabilitation.

Orientation meetings for the applicants, home study process, child placement, legalization, follow up for two years following the legalization and long past post-adoption, extension of support to adoptees /adoptive families make up for a continually busy programme needing skilled and sensitive approach.

An Occasion to Celebrate

Adoption of 15 yrs old Gaurav was a very happy occasion. Gaurav was in foster care with the Kamble family since the age of 11 months, and now he is legally adopted by them. Earlier, a number of attempts to find a suitable adoptive family for Gaurav had failed due to the challenging needs confronting him. During his growing years he was diagnosed with multiple disabilities resulting in delayed development. Gaurav needed regular visit to a neurologist, adjustments to prescribed medication, intense physiotherapy, special education and tremendous TLC. In all this, the foster carers played a crucial role of supporting Gaurav and encouraging him. This surely paved the way for Gaurav's progress – Gaurav has attained remarkable change in his functionality inching towards near normalcy. Gaurav needs to continue with his therapy and medication. For this, **IAPA** continues to provide financial support to his forever family.

Post-adoptive services :

Post adoption support is an integral part of adoption service. **IAPA** is approached by adoptive parents and grown up adoptees for help. The issues may concern identity-related papers such as for a Passport for the adoptee or it may relate to psychosocial matter. Social worker and therapist strive to extend the best help, as per the need.

In the case of psycho-social issues, sessions are held individually with parent/s, child, or jointly with parent/s and child depending upon the concern and the intervention necessary. The concerns so far have focused around behavior management resulting out of disciplining, parents' / child's acceptance of adoption, concern outside the family affecting the child/parent at home, issues between parents affecting the family. Year 2014-15 saw a total of 4 cases being handled. Two of these require long term on-going intervention. The other two needed advice and referral.

In addition to the individual counselling sessions, interactive group sessions were conducted – one for adoptive parents and the other for personnel from agencies placing children in adoption.

S. No.	Post-adoptive services	Reach
1	Services to adoptive parents for obtaining birth certificates, documents and passport	07
2	Legalization under the Juvenile Justice (Care & Protection) Act, 2006 **	02
3	Post-adoption counselling	04
4	Get-together of adoptive families	150

***As legal adoption is allowed under the Juvenile Justice (Care and Protection of Children) Act 2006. Families who had earlier taken legal custody of the child under the Guardianship and Wards Act, 1890 are being assisted to adopt the child under the JJ Act thereby conferring on the child full legal rights that devolves on a biological child.*

Counselling :

An Interactive Session with Adoption Agencies

On 19th November 2014, IAPA organized an interactive session on counselling with personnel from adoption agencies in Mumbai. The same was conducted by Dr. Laura Vaz, psychotherapist with input from Dr. Nilima Mehta, adoption consultant. The importance of working on the client's attitude, and not behaviour in isolation was emphasized. Once attitude changes, behaviour which is a result of one's attitude would change.

An Interactive Session with Adoptive Families

On 4th October 2014, an Interactive session was held with adoptive parents, resourced by the counsellor, Dr. Laura Vaz, to facilitate sharing experiences and addressing issues. The focus was on issues that were brought up during the session by the participants. They were - child disobeying parents & not engaging in anything productive - child being 'a slow learner', having low self-esteem and lacking confidence to pursue a vocation. - sharing the fact of adoption Though none of these issues had quick fix solutions, Dr. Laura Vaz, the resource person drove home the point that adoption per se is not a problem; the parent-child relationship that develops lays the foundation for challenges which go beyond coping ability. The need for counselling at the correct moment without delay was reiterated.

Specialized Adoption Agency (SAA) Linkages :

For facilitating placement of children in institutions lacking inter-country adoption license a system of linkages is devised by the authorities. Under such linkage the Love Trust in Buldhana took the help of IAPA for carrying out the process for legalizing Inter-country adoption cases of children with special needs. The age ranged from 2 to 11 years. The children had varied medical issues such as congenital heart anomaly, vision impairment, club foot and delayed milestones. Legalisation of 3 children was completed this year.

SAA – RIPA Linkage	Male	Female	Total
Children Assisted	02	05	07
Legalization Completed	01	02	03
Awaiting completion of Court Procedures	01	03	04

Promotional Programmes –

- 27th & 28th June 2014– display of publicity material at Taj Lands End, Bandra
- IAPA put up a stall at IIFL, Parel office on 14th November 2014 displaying information about its services and programmes
- Display of publicity material at SNTD Women’s University, Dept. of Social Work’s Annual Exhibition “Swanubhav – 2015” from 12th to 14th March 2015.

Annual Family Meet of Adoptive Parents – January 17th, 2015

The Annual Family Meet took place on 17th January 2015. Children and their parents were seen participating with fervor, and enjoying the activities - fancy dress, dance and song performances. A special heart-warming moment of the evening was the spontaneous expression by Mrs. Seema Gomes, senior foster carer. She briefly spoke about her experience of fostering children with varying unique needs and temperament.

Awareness – Sensitization : Continuing with our advocacy and sensitization programmes on Child Protection and Prevention of Abandonment of children in a public place, **IAPA** approached few hospitals and organizations to make the staff/personnel/community workers aware of the challenges and risks faced by the child who is abandoned.

Two such programmes were conducted in December 2014 and March 2015 at the Apne Aap Women’s Collective and K. J. Somaiyya Ayurvedic hospital respectively.

<h3>SUPPORTIVE SERVICES TO DISADVANTAGED CHILDREN AND THEIR FAMILIES</h3>
--

To preserve and strengthen families and protect children at risk, **IAPA** started services that are commonly referred to as Foster Family Care and Education Sponsorship. The ultimate goal of the services is to see that the child is cared for in a family, preferably own family; and has congenial conditions for his or her education and healthy development.

FAMILY PRESERVATION / FOSTER CARE ASSISTANCE

Family Preservation / Foster Care: The services address the needs of the child where the family is temporarily or long term incapable to meet the child’s basic material needs and nurture. Family assistance, a substitute family care arrangement with a relative family and other supportive services are offered. The focus is to protect the child from the trauma of separation from the family and the familiar surroundings and avoid institutional placement, while strengthening his or her care in the family.

A child needs nurturance in a secure and a stable family environment for healthy social, emotional and physical growth and development. When a family is struggling with debilitating circumstances such as death of or desertion by a parent, long term illnesses, loss of employment, the child suffers neglect. The adult/s concerned seek recourse to the child’s placement in an institution. In a large number of these cases, it is the single parents or a relative/s who have been looking after the child who is orphaned or whose parent has deserted and the relative is barely able to continue providing for the child. In a few cases assistance is given, (see the Table below) when both the parents are ailing from AIDs or are disabled. To avoid separation of the child from his or her family and the community, this programme offers family assistance and or arranges the child’s care with a relative family. In rare cases, the child is placed in a non-related family in the familiar surroundings.

Financial assistance is accompanied with multiple supports. Counseling is an integral part of the services. Providing of information, referral to proper community resources, sponsorship for education, medical support and wherever needed, income enhancement tools like skill training, micro-finance and the like are offered.

Funding for implementing the programme is received under the Scheme **Bal Sangopan Yojana (BSY)** of the Maharashtra State Government, for **85** children. For additional **50** children, funding is received from a private source, the **H.T. Parekh Foundation**. Altogether, the number of children and families supported under the programme is **135**. The details are given below under each support source.

Children Supported Under The Family Preservation / Foster Care :

Under Bal Sangopan Yojana (BSY) :

IAPA has been one of the agencies implementing the Maharashtra Government Foster Care Scheme, '**Bal Sangopan Yojana**' since its inception in 1995*. The scheme functions according to the designated process. The local Child Welfare Committee (statutory body under the JJ Act) refers cases that are before them for institutionalization of the child,. Since **IAPA** Social worker is present during the CWC sittings, she speaks with the applicants. Depending on the family's situation, either the case is registered for long term assistance under the BSY scheme; or spot counseling is given where it is sufficient to guide the applicants to resolve the issues. Rehabilitation of the family has been of paramount importance under this scheme. Government has sanctioned funding for 85 cases. Other child and family benefits from the **IAPA** operated support services are extended to the child and the family.

* A Grant of Rs. 2,28,300/- was received during the reporting year for for 85 children.

Under H.T. Parekh Foundation :

IAPA has been able to extend the services to more children due to the support of **H.T. Parekh Foundation** which is a CSR programme of HDFC Ltd. During the period under review 50 foster care cases were helped through their support. These cases were considered from the communities of Reay Road and Wadala where the need of Foster Care Services was strongly indicated. Most of the children staying in these communities are orphaned or abandoned as they loose their parents to

debilitating diseases like T.B., HIV, AIDS. Thus the responsibility of taking care of these children falls on their grandparents or extended relatives who are themselves struggling to survive.

Regional Workshop on Non-Institutional Services :

Our President Mrs. Kaumudi Telang who was a member of the Planning Committee was also a resource person at the Workshop organized by the Department of Women & Child Development (DWCD) in collaboration with the Family Service Centre, Mumbaion. The workshop was organized in six Districts of Maharashtra in August 2014.

CHILDREN SUPPORTED UNDER SPONSORSHIP FOR EDUCATION & DEVELOPMENT

Children from poor socio-economic backgrounds lack support and encouragement from their families for pursuing education beyond primary level. Sponsorship programmes aim at preventing incidence of school drop-out and providing facilitative conditions for the child to continue to gain education and training for a better future.

Apart from financial support, a range of comprehensive services rendered to the child, as per individual needs and circumstances has been enabling students to achieve higher education and professional qualifications. The services include extra coaching, parental guidance, vocational guidance, life-skills development, value education and cultural enrichment to enhance over all physical and emotional health of the child. Attention to the family members contribute to the issues such as skills development of the adult members for increasing earning abilities and addresses problems like addictions that debilitate healthy functioning of the family.

It is the collective efforts of the child, the family, the agency and the sponsors that has helped in success of a number of children pursuing against odds to achieve their aspirations.

Sponsorship is being provided to students studying in the Municipal schools of B, C, D and E wards of Mumbai. At present seventeen schools are covered under the programme.

OUR SPONSORS AND STUDENT ACHIEVERS

Terre des Hommes (TdH) Denmark :

One of our earliest sponsors they continue to support our children in many ways. The project which started in 1997 with sponsorship help for 40 children is now supporting 133 students. TdH Denmark and Ramboll Foundation once again reached out with funds for the sponsored students and their families, for food and hygiene items.

The deep involvement of the sponsors was reflected in their personal visits. During the year, **Ms. Jessie Rosenmeir** and her daughter **Dina Rosenmeir** visited **IAPA** on October 9, 2014.

Achievers :

Amit Sangle successfully completed his Bachelor in Engineering (B.E.). He is an inspiration for other students when he donated his first salary to our agency, as a mark of his gratitude for having guided and supported him all along.

Sagar Sawant who completed his graduation in the Commerce stream is now pursuing Chartered Accountancy course. Sagar comes from a family where even school education has been beyond their reach.

Darshana Nadal is another exemplary student who managed to score 77% in the HSC exams. She is now pursuing her studies in Commerce while at the same time is also doing Company Secretary Course.

The Jamnadas & Kantaben Chatwani Sponsorship Project :

The project started in 1995 by the Chatwani family based in U.K is continuing to support 100 students. Several students are opting for graduation subjects like Psychology, languages, Banking and Insurance. Students are encouraged to take up vocational training of their interest. They include Beautician's, Fashion Designing, Teacher's Training and the like.

Notable Achievers :

Priyanka Gaikwad: not only passed the Board exam with first class marks but also passed the first level of Integrated Professional Competency Course (IPCC) and is doing Charter Accountancy Articleship.

Siddhiket Jaitapkar : has finished ITI diploma in Mechanical draughtsman while Shrikant Thirandas has completed ITI in Medical Electronics. Both of them have now secured a job. Siddhiket plans to pursue his degree course along with his job.

Chance of Life (COL) Germany

COL focuses on empowering girls and women. The sponsorship programme which began in 2005 aimed at the girls who had dropped out, is at present providing educational support to **106** girls. The sponsorship programme has also encouraged girl children to continue with their studies and take up courses of their interest like one girl who has opted for a course in ITI while many have opted for professional courses like Banking and Insurance, Accounting and Finance for good job prospects.

Ms. Rita Steinau, President, COL's personal interest in individual students has been a real source of encouragement to the sponsored.

Achievers :

A Std. X student, **Neha Katdare** scored 91% in the Board examination and ten other students scored first class marks in the same Board examination. While one student has pursued post graduation in commerce going beyond the level imagined. The success of the programme is particularly remarkable because the girls belong to very marginalized background. Wrap around COL box.

Individual Sponsors :

The opportunity to make a difference in the lives of marginalized children motivates several individuals to sponsor the education of one or more children. The web of sponsors has grown over the years. Besides the agency's efforts many of the sponsors are also encouraging their friends and associates to make a difference in the lives of these children. At present **46** individual sponsors, some of whom are supporting more than one child are sponsoring a total of **94** students. Personal interest in the sponsored child has been very motivating for the child. Some sponsors have extended extra help whether for medical, coaching class and/or special training expenses.

Dream Achievers :

Four students successfully completed their graduation in the Commerce stream while eleven students passed the Board exam of Std. X. **Arti Shinde** did extremely well scoring 90 percent marks. Three students passed the Board exam of Std. XII of which **Kalpesh Tambe** scored the highest, 70 percent marks.

M.D. Thackersey Trust :

The Trust which began its support of twenty girls in 1999 is **now supporting 40 girls**. **Dipika Edke** has successfully completed graduation in the Commerce stream. Five girls successfully passed the Std X Board exam. Of these four students passed with first class marks. Three girls passed the Board exam of Std. XII. Of these **Shweta Bhawe** a student in the Commerce stream secured the highest of 73.69%.

Late Meera Srinivisan Scholars Programme :

The programme was started by Mr. Srinivisan in memory of his wife late Mrs. Meera Srinivasan who was keenly involved in furthering children's education. Mrs. Meera Srinivasan worked with **IAPA** for years, till her untimely demise. At present **11** students are being supported through the program.

Big Achiever, Vruishali More, whose family is fostering children scored 93% in the School Board exam and she was awarded special scholarship and a laptop by the prestigious News daily, Maharashtra Times. Another student, **Anas Khan** is aspiring to enter Marine Engineering career.

Mumbadevi Trust Scheme :

The Trust is providing educational help to **10** students and thus is helping them in continuing their education. Three students successfully passed the Board exam of Std. X and are continuing their education in the Science stream.

SPONSORSHIP DAY CELEBRATION :

To celebrate the Day, all children receiving help under different programmes of **IAPA** converge at the Annual Gathering. Held on 26th January 2015, the event saw participation of **400** plus students. The event is much looked-forward- to by children who enjoy delicious food three times during the day, entertainment, fun-fare and gifts. A chance for the students to come together, get to know each other and to enjoy the day provides also inspiration to the participants when the achievers are felicitated and honoured. The event showcased the talents of the children, while the magician and mimicry artist had the children enthralled with their antics during the morning. In the second half of the day students enjoyed themselves thoroughly in the Fun-n-Fair. The event was made possible due to the efforts of **Mrs. Priti Kapur, Sanjeev Kapur and family** who worked incessantly to make the day very special for the children.

RURAL SPONSORSHIP :

IAPA-TdH (Denmark) Rural Project :

The major sponsor for the development of this project is TdH, Denmark. There has been a steady, progressive development taking place in this rural project. Based at **Terewayangani**, where the students of Std. VIII to Std. X are helped, the **Kamlakar Bhau Javkar Vidyamandir** is the only secondary school for these students belonging to the cluster of five villages. A number of individual donors have also helped in different ways to not only the students but the community.

87 percent students passed the Board exams of Std. X. **Priyanka Mhatale** and **Ajay Khale** scored 80 percent marks the highest in the class. Four students got 70 percent marks while eleven students got 60 percent and above.

This year too students benefitted from the funds donated by the TdH State Football Pools in Denmark. From the amount ninety two students were given hygiene kits, five students and one teacher were given medical help, while two months groceries and biscuits were distributed for the night meals given to the students of Std. X when they stay back in the school for study during the last three months of the Board examination.

Apart from this help the other initiatives for the students and the school during the year were as follows :

Uniforms : New students who joined the school in Std. VIII were provided with uniforms which were made possible due to the donation from **Mr. Mangesh Dhaimade**, an individual sponsor.

Felicitation and Recognition : Student achievers in the Board exam of Std. X were felicitated. The administrative staff and teachers who conducted night classes for these students were recognized with an extra gratia amount.

Support for Higher Education : This year 20 boys were able to secure admission in college because of the funds donated by an individual sponsor, **Mr. Noordin Ebrahim**. This has ensured continuation of their education.

Support and empowerment of girls and women : Last year onwards Chance of Life (COL) has reached out with special opportunities for the girl students and women of the community. A local social worker is appointed for the purpose. The programme includes Life Skill Sessions for Std. VIII to X students. Of the school graduates who have opted for college education, or a vocational course, 13 were supported during the year. Women of the community are helped with information and knowledge on increasing agriculture yield, nutrition, healthy methods of cooking to minimize incidence of anemia.

Additional Support For Higher Education :

Higher education is a costly affair with expenses of books, college fees and last but not the least coaching fees which become a necessity as these students complete their schooling in the vernacular medium while they study in the English medium in the college. Hence the chances of their dropping out is high either because they are unable to cope or due to financial constraints. In order to ensure that students do not discontinue higher education, **IAPA** is networking with funding sources for additional support for our students.

- **Capri Beti Shiksha** : Twenty two meritorious girl students from under privileged families have been provided support for their higher education under CSR of **Capri Global Capital Ltd from 1st July, 2014**. The project extends mentorship for guidance, counseling and helping them come closer to achieve their dreams. Apart from assisting girl students, an orphan boy referred by **IAPA** was considered for help. He has joined college this year.

- **American Women's Club Bombay** : has provided donation to supplement funding of extracurricular activities of three sponsored girls who show promise in their respective areas. Thanks to the intervention of the **Bombay Community Public Trust (BCPT)** with whom we have a long standing fruitful association.
- **All Cargo Logistics Limited** : supported the education of nine students.
- **Ladies @ 3** : Sunita Motwani and Rema Menon, our ex-colleagues and their friends have given funds to support education of four students who are pursuing Engineering.

SUPPORTIVE SERVICES

Over the span of 44 years, **IAPA** has been evolving. While the basic goal of reducing vulnerability of children and their families in difficult situations continues the programmes and services to address them have been expanding and changing in response to the felt needs and evolving social scenario. This is reflected in the following support services.

Child Guidance Centre ‘Aastha’ :

Our Child Guidance Centre (CGC) ‘Aastha’ catering to the psychological well-being of children and their families continued to forge ahead. With timely intervention for improving not only their emotional distress but also academics and behavior standards, children on the margins have gained better overall health to pursue education. Testing, professional counseling, remedial therapy and medication under the guidance of our four member panel on a bi-weekly basis have helped address the different psychological and academic issues of the children under our sponsorship, foster care and other programmes.

A mental health awareness session was addressed by our remedial therapist and psychologist wherein parents were explained the importance of mental health in children and the need for timely identification and intervention by experts, so that the psychological problems do not leave a lasting effect on the quality of the child’s future life.

Play therapy sessions were taken by our psychologist with a group of children referred by school authorities for lack of attention, misbehavior, emotional distress, etc. Although the reasons for referral were different, the play therapy helped them to shed their inhibitions and take in the positive matters imparted during the sessions conducted with them in a non-threatening group atmosphere.

A session on ‘Addictions’ was conducted by our psychiatrist for Std IV to VII students of the Khetwadi Municipal School. Although

many of them were aware of the ill effects of addictions and it was the prevalence in their own families their attention was drawn to the availability and the need to take up the de-addiction treatments.

The bifurcation of the 26 new cases referred and their subsequent follow-up through 134 sessions in the nine working months, is as follows :

TYPES OF CASES	GIRLS	BOYS	TOTAL
Academic Backwardness (Learning Disabilities; IQ problem; lack of motivation / attention / concentration)	5	7	12
Emotional issues (anxiety, depression)	3	1	4
Behaviour problems (aggression, hyperactivity, stealing, bedwetting)	3	4	7
Other	1	2	3
TOTAL	12	14	26

Vocational Guidance and Training :

Vocational training and guidance is provided under the TdH and COL support, specially for girls who have dropped out of school. This include typing, computers, beautician, Mehendi and tailoring courses. 68 students were helped to undertake the course of their choice. During the vacation, another 20 girls were helped to take up skills training.

Other Activities - Exposure to World Beyond :

Various other activities like participation in Quiz programmes, competitive events, picnics and educational visits are a regular feature for exposing students to the world beyond their communities. Such activities are possible with collaboration of well-wishers.

Micro Finance :

Seed money is given to start a small business to women seeking self-reliance. Chance of Life and Hannah Programme for Women, started by our ex-colleague Ms. Vivien Powar have funded this initiative. Loan was given for marketing the home-made products and for varied other activities to altogether 15 women.

Medical Assistance :

A medical assistance fund serves to meet the crucial medical and nutrition needs of the sponsored children and their family. Diseases like T.B. are better fought with extra nutrition and proper medication. The fund is resourced by **TdH, COL, H.T. Parekh Foundation and Individual donors like Ms. Alpana Dange, Ms.Margaret Mehta and Ms.Mangala Shenoy.**

Janashree Bima Yojana/Aam Admi Policy :

Since 2004 **IAPA** has been implementing this government scheme which provides life protection to the rural and urban poor. Eligible families are helped to take its benefit by paying a nominal annual premium of Rs. 100/-. 34 parents renewed their policy and two students availed of scholarship under the scheme.

ONGOING EXTENTION PROJECTS

Certain extension projects, supplementing Core programmes of **IAPA** are initiated in collaboration with specific agencies or donor support. They are as follows :

Asmita :

Asmita programme is meant to not only occupy children who are unsupervised before the school hours. Apart from regular studies, yoga, dance and computers a variety of other sessions were also conducted. The beneficiaries include children of West Khetwadi Municipal School as well as children studying in the nearby schools. Aiming at their overall development, sessions are conducted with them for enhancing their competency in dealing with the rigors of life. Anger management, goal setting, communication and listening skills are some of the topics dealt with apart from value education. To nurture their creativity, crafts and arts sessions are conducted with help of the volunteers. Among others, Ms.**Benu Vora** taught jewellery making while a picnic to a city Mall was made possible with other volunteers.

In order to ensure that many more students avail the benefit of this project **IAPA** collaborated with 'Prerana', an organization working with the children of the red light area. From June onwards these students also attend 'Asmita'.

TdH Mid-Day Meal Fund :

IAPA provided snacks such as grams, peanuts and royal grain (rajgira) on a daily basis to 50 children of Sanjeevani Balwadi to encourage the young toddlers to attend school while ensuring that they have nourishing food.

Kamal Foundation :

Initiated by the prominent Pediatric Neurologist, Dr. Anaita-Udwadia-Hegde, the foundation takes care of the cost for medical investigation, surgery, and therapies of children needing Neurological intervention. **IAPA** provides social work assistance to the family, starting from assessing the need to extending emotional support, guidance and follow up for completion of the treatment. During the year 42 children were provided assistance under the programme.

IAPA-Naraindas Morbai Budhrani Trust (NMBT) Value Education programme :

The collaborative programme started last year, for students of Std.VI of four English medium schools in Malwani has now been extended to students of Std.VI, VII VIII in 13 schools of Malwani, Gorai and Charkop covers Marathi, Hindi and English mediums. The interactive sessions conducted through games, stories, activities and audio-visuials covered topics like anger management in which students were taught the need to manage anger and the different ways of managing anger, benefits of being organized, the power of now, self esteem and how the choices in our lives decide our future. Aimed at inculcating positive values in the lives of the students, it has evinced good response from teachers, principals and students. The project has helped open up children who are otherwise shy and quiet; and raised the awareness of he school authorities to the issue of learning disability and absenteeism.

OTHER ORGANISATIONAL ACTIVITIES

Workshops organized / Attended :

Date	Programme	Participants	Resource Person
4th Oct. 2014	POCSO related issues applicable to minor unwed mothers	IAPA social workers	Manisha Tulpule, Advocate and CWC member
4th Oct. 2014	Interactive session - Sharing experiences and addressing concerns of adoptive parents post adoption	Adoptive parents	Dr. Laura Vaz
9th Oct. 2014	Overview of cases of minor unwed mothers	Adoption agency personnel, Mumbai.	CWC chairperson and members
19th Nov. 2014	Consultative meeting on Counseling in Adoption	Social workers from Adoption agencies of Mumbai	Dr. Laura Vaz Dr. Nilima Mehta

Workshops attended :

10th Oct. 2014	Seminar on 'Quality Care for for Every Child' organized by SOS Children's villages India and Tata Institute of Social Sciences	Representatives from organizations working with children across India and Government representatives	Mrs. Najma Goriawalla was invited as panelist for discussion on current models of Integrated Alternative Care. She presented IAPA's model of Alternative Care
----------------	--	--	--

Student Placements :

During the year, eight students - Two second year MSW students and two first year students of Tata Institute of Social Science and two second year MSW and two first year students of SNTD were placed each at the Matunga and Khetwadi offices of **IAPA**, for field work in the agency.

One PhD student from TISS was helped for data collection.

One second year MSW student of TISS guided for her research on adoption.

One student of MA in Family Studies, online programme for understanding adoption and foster care services.

Memberships / Accreditation

Federation of Adoption Agencies (FAA)

IAPA continues to be an active member of the FAA which has been formed to address the concerns of its member adoption agencies. Mrs. Najma Goriawalla of **IAPA** is presently the President of the Federation.

Credibility Alliance -

Indian Association for Promotion of Adoption & Child Welfare (**IAPA**) was accredited on March 18, 2013 under "Desirable Norms" with Credibility Alliance for a period of five years (18/03/2013 to 17/03/2018).

Fund Raising

A Fund Raiser of the play 'Stories in a Song' directed by Mr. Sunil Shanbag on 31st January 2015 was organised. The occasion was graced by Ms. Renuka Shahane whose association with **IAPA** goes a long way. **IAPA's** fund raising venture received tremendous support from adoptive parents and well wishers, making the event a success!

Newsletter

Due to financial constraints only one edition of **IAPA** Newsletter was brought out during the year, highlighting the events, activities of the year and other subjects of interest.

APPRECIATION

Our special thanks are due to all those who have supported our programmes financially and / or rendered services in their individual capacity.
